MEMORANDUM FOR:

Center for the Study of Intelligence, OTE/DDA

FROM:

J. Kenneth McDonald
Chief, DCI History Staff

SUBJECT:

Histories Possibly Relevant to Demographic Profile
Project

1. After our discussion Tuesday we examined our lists of histories to find those histories that might possibly be of use to you in your contract project to prepare a demographic profile of CIA today and at ten year intervals in the past to 1947.

2. I'll attach the list of those histories that we think may be relevant. We are willing to give you access to those five listed histories that the History Staff controls. I would suggest that you apply directly to the Deputy Director for Administration, with an explanation of the nature and sponsorship of your project, for permission to use any or all of the listed histories that he controls; we'll need his written approval to make these histories available to you.

3. The History Staff has copies of all of the histories listed, except for OP-8, "CIA Recruitment, 1947-1971," which is held by the DDA's Records Management Officer. In principle, copies of all of these DDA histories should also be held by the DDA RMO, or by the relevant component.

4. I hope this will help you with your project, which sounds eminently worthwhile. Let me know if we can help in any other way.
